Oshkosh is among 100 global organizations receiving the CIO 100 Award, where nominees were measured on their ability to deliver business value by

creating competitive advantages, optimizing business processes, enabling growth and/or improving relationships with customers.

“Receiving this award for the sixth consecutive year demonstrates our Digital Technology team's ongoing commitment to the delivery of superior service and solutions,” said Anupam Khare, senior vice president and chief information officer, Oshkosh Corporation. “The pursuit of innovation and digital technology at Oshkosh are at the heart of advancements that move the world forward.”

In addition to receiving the CIO 100 Award, Oshkosh recently was named among Computerworld's Best Places to Work in IT.

### **Forward Looking Statements**

This news release contains statements that the Company believes to be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including, without limitation, statements regarding the Company’s future financial position, business strategy, targets, projected sales, costs, earnings, capital expenditures, debt levels and cash flows, and plans and objectives of management for future operations, are forward-looking statements. When used in this news release, words such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,” “should,” “project” or “plan” or the negative thereof or variations thereon or similar terminology are generally intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions, and other factors, some of which are beyond the Company’s control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors include risks related to the Company’s ability to successfully execute on its strategic road map and meet its long-term financial and strategic goals as well as cybersecurity risks and costs of defending against, mitigating and responding to data security threats associated with same. Additional information concerning these and other factors is contained in the Company’s filings with the Securities and Exchange Commission. All forward-looking statements speak only as of the date of this news release. The Company assumes no obligation, and disclaims any obligation, to update information contained in this news release. Investors should be aware that the Company may not update such information until the Company’s next quarterly earnings conference call, if at all.
