“The new Oshkosh XP fire apparatus is built in state-of-the-art facilities with the highest quality materials by North

America’s leading manufacturer, and comes to market ready to meet the needs of firefighters around the globe,” said Jim Johnson, Oshkosh Corporation executive vice president and president, Fire & Emergency. “We are entering this market segment with a fully integrated and well-equipped product, along with a service and support network that is second to none. We invite Interschutz visitors to our booth for a close inspection and to meet the team behind the product.”

The new Oshkosh XP fire apparatus is engineered and constructed to exacting standards by Oshkosh subsidiary, Pierce Manufacturing, Inc. (North America’s leading designer of custom fire and emergency vehicles) and will be shown on a Scania P360 chassis. The vehicle is built on a corrosion resistant 4638 mm aluminum body with full-height compartments on both the driver and passenger sides.

The apparatus is fully outfitted with a powerful 4,000-LPM pump, an integrated foam system, a high-pressure hose reel, and a full complement of rescue tools and equipment. Other features include rugged spatter paint finished compartment interiors, roll-up doors with LED strip lighting, and enclosed ladder storage.

Alongside the new Oshkosh XP fire apparatus the Oshkosh booth will feature a stunning Oshkosh Striker 6 X 6 – with the Snuzzle® high reach extendable turret, courtesy of Manchester International Airport in the United Kingdom. In addition, the booth will offer demonstrations of the new Oshkosh Striker® Simulator virtual reality training system, and 3-D drawings and key specifications for the much anticipated, new twin-engine Oshkosh Striker 8 X 8 aircraft rescue and fire fighting vehicle configuration.

**About Interschutz**

INTERSCHUTZ 2015 is the international exhibition for fire prevention, disaster relief, rescue, safety and security. Around 1,300 exhibitors from more than 40 countries will be presenting their products and services at the event, which runs from 8 – 13 June. INTERSCHUTZ will occupy five halls and an open-air site at the Hannover Exhibition Grounds. Deutsche Messe organizes the event with the support of the German Association for Fire Prevention, the German Fire Brigade Association and the German Engineering Federation.

### **Forward-Looking Statements**

This press release contains statements that the Company believes to be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including, without limitation, statements regarding the Company’s future financial position, business strategy, targets, projected sales, costs, earnings, capital expenditures, debt levels and cash flows, and plans and objectives of management for future operations, are forward-looking statements. When used in this press release, words such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,” “should,” “project” or “plan” or the negative thereof or variations thereon or similar terminology are generally intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions and other factors, some of which are beyond the Company’s control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors include the cyclical nature of the Company’s access equipment, commercial and fire & emergency markets, which are particularly impacted by the strength of U.S. and European economies; the strength of emerging market growth and projected adoption rates of work at height machinery; the expected level and timing of U.S. Department of Defense (“DoD”) and international defense customer procurement of products and services and funding thereof; risks related to reductions in government expenditures in light of U.S. defense budget pressures, sequestration and an uncertain DoD tactical wheeled vehicle strategy, including the Company’s ability to successfully manage the cost reductions required as a result of lower customer orders in the defense segment; the Company’s ability to win a U.S. Joint Light Tactical Vehicle production contract award and international defense contract awards; the Company’s ability to increase prices to raise margins or offset higher input costs; increasing

commodity and other raw material costs, particularly in a sustained economic recovery; risks related to facilities expansion, consolidation and alignment, including the amounts of related costs and charges and that anticipated cost savings may not be achieved; global economic uncertainty, which could lead to additional impairment charges related to many of the Company's intangible assets and/or a slower recovery in the Company's cyclical businesses than Company or equity market expectations; risks related to the collectability of receivables, particularly for those businesses with exposure to construction markets; the cost of any warranty campaigns related to the Company's products; risks related to production or shipment delays arising from quality or production issues; risks associated with international operations and sales, including foreign currency fluctuations and compliance with the Foreign Corrupt Practices Act; the Company's ability to comply with complex laws and regulations applicable to U.S. government contractors; the impact of severe weather or natural disasters that may affect the Company, its suppliers or its customers; cyber security risks and costs of defending against, mitigating and responding to a data security breach; and risks related to the Company's ability to successfully execute on its strategic road map and meet its long-term financial goals. Additional information concerning these and other factors is contained in the Company's filings with the Securities and Exchange Commission. All forward-looking statements speak only as of the date of this press release. The Company assumes no obligation, and disclaims any obligation, to update information contained in this press release.
